

How to run a Watch Party

We are so glad you've decided to run your own Watch Party with friends and family! Below is a step-by-step guide on how to do that effectively. If have any questions or would like our help in setting it up for you, please feel free to call or email the church office. We will be available until noon on Thursday, Dec. 24th.

(780) 437-5433

Step-by-Step Guide

1. **Pick a time & invite your friends and family.** The party can't begin until you have a time and date set up!
2. **Choose your preferred video platform.** While Zoom has become the default platform for most people, there are other great options as well, like Google Meet or Microsoft Teams. If you are unfamiliar with these options, our staff would be happy to set you up on one of our Zoom accounts. Make sure all your friends have this platform available.
3. **Create and send a Calendar invite.** Once you've chosen your platform, find the "Schedule Meeting" button and create a meeting time. (If you're using a personal Zoom account, please be aware that it shuts off after 40 minutes). Once you've created the event, send the invite to your friends.
4. **Download the video.** You can do that [here](#)
5. **Watch Together.** At the time of your event, make sure all windows on your computer screen are closed except the Christmas video and the platform. Once your guests have arrived, choose "share screen" and enjoy our Christmas community worship experience!

Once again, if you have any questions or need help getting started, our team is here to serve and will be available until noon on Christmas Eve!
